

**PO Box 8208 Wooloongabba Qld 4102**

### **FOR NEW MEMBERS**

Welcome to the **Winning Bets** selection service!

Using the e-mail address and password that you entered to join, your login allows you to access each week's selections any time after 10am (AEST) (Queensland Time) on Saturday. This will be changed to 9am (AEST) when southern daylight saving comes into effect

### **TRAITS OF SUCCESSFUL PUNTERS**

**Be patient!** Start with a small bank and restrict bets to **2% of the current bank**. The bank should grow steadily and so should the size of your bets. You should not be stressed by the occasional losing day.

**Be disciplined!** Stick to the official selections and your pre-determined bet size. Avoid "side-bets", which can quickly erase your profits.

We have mentioned that we use the official starting price for our published results. This is detailed in the Sunday papers racing pages, and also at [www.racenet.com.au](http://www.racenet.com.au). It is the only price which is objectively verifiable. We have found that we can generally get better odds in practice.

You will find that our profit level will vary during the year due to the standard of racing varying according to the seasons. Most of our profits come from what are regarded as weaker races. This allows us to generally make exceptional profits during the winter period – contrary to the experience of most punters!

We have accumulated a large amount of racing data in recent years, and constantly work on improving our computer programs. You will receive a quarterly newsletter outlining our progress and any snippets of interest.

Please take advantage of our support service if you have any questions or issues.

We look forward to hearing of your success in the coming weeks.

Best Regards,  
The Winning Bets Team
